

HOMEOWNER ASSOCIATION & SECTIONAL TITLE SCHEME MANAGEMENT SPECIALISTS

Established in 1998, now managing in excess of 60 000 Units in over 600 Schemes.

Fully compliant with the PPRA (Property Practitioners Regulatory Authority) with an up to date Fidelity Fund Certificate.

Additional Cover

In addition to the required Fidelity Fund insurance for each Scheme, we also have a separate Commercial Crime Insurance Policy and Director Liability Insurance as a precaution and to provide peace of mind to all our Schemes.

Member of NAMA (National Association of Managing Agents) with up to date membership.

Separate Trust account for each Estate

- ANGOR shall assist Scheme Executives to maintain the balance of the funds of the Scheme, in a separate trust account, opened by ANGOR specifically for the Scheme.
- This trust account will be audited.
- Accounts are balanced Real-Time using ABSA host-to-host.
- Bank statements can be viewed by Scheme Executives on the ANGOR Online platform.

Investment Accounts

- General reserve funds are invested in an investment account in terms of Section 32(2)(a) – (e) of the Estate Agency Affairs Act 112 of 1976 and Section 4(g) of the Sectional Titles Schemes Management (STSM) Act.
- Interest earned on the balance of the funds of the Scheme shall accrue to the Scheme on a monthly basis, at the interest rate applicable to the investment trust accounts.
- Invested funds can be accessed within 24 hours.

Registered Training Partner with CIMA

ANGOR is the only Property Management Company in South Africa that is an accredited CIMA International Training Partner. The Chartered Institute of Management Accountants (CIMA) is a worldwide professional body for management accountants. ANGOR is proud to offer our clients the services of some of the most promising management accountants in the business. We are honoured to contribute in developing a new generation of committed, qualified management accountants.

Unique Custom Management Program

ANGOR is a systems-driven company with the most technologically advanced programs specifically tailored and developed in house for the property industry. Every facet of our business is driven through automated, custom designed systems, which have been implemented to ensure that processes run without a hitch.

A dedicated Property Management Team

At ANGOR, each scheme is allocated to a **Portfolio Specialist** who is supported by Portfolio Specialist Administrators, a Financial Controller (CIMA Intern), Help Desk Administrators, Insurance Liaisons, Clearance Specialists and Tax & Audit Administrators. Each Portfolio Specialist oversees a limited number of Schemes allowing better client service.

Our unique software allows the ANGOR team access to all pertinent information pertaining to the Scheme including sent letters, newsletters, paid invoices and insurance policy information. Every team member receiving queries is available to assist ensuring that queries are resolved as quickly as possible.

Our Portfolio Specialists are required to complete the Sectional Title Management Certificate through the University of Cape Town (Paddocks). Regular meetings with service providers and NAMA ensure that our teams are up to date on developments in the industry.

Every new staff member undergoes a rigorous training program run by senior team members, the HR Manager and the Executive Director in charge of Compliance.

ANGOR assists Scheme Executives with Financial Management including:

- Budget preparations.
- Preparing and submitting documents for annual audits.
- Updating Director registrations with CIPC.
- Compiling and distributing levy statements.
- Receiving monthly levy/contribution payments.
- Paying of Homeowners Association Creditors.
- Compliance with legislation.
- Payroll for Homeowners Association employees.
- Issuing of levy clearance figures and certificates.
- Arranging and renewing insurance over the buildings and common property, public liability insurance and fidelity insurance cover.
- Arranging an insurance valuation every 3 years.
- Managing insurance claims against the Scheme's insurance policy.

ANGOR will provide monthly financial reports, which include an income and expenditure statement (detailing actual versus budgeted figures), a balance sheet, and standard ANGOR supplementary schedules which the Scheme Executives may require (e.g. Insurance Claims, Levy Roll and Debtors Age Analysis). All the invoices paid during the month are sent with the report.

ANGOR assists Scheme Executives with Secretarial Duties including:

- Record keeping of minute books, attendance registers, minutes of meetings, contracts between the Scheme and service providers and other governance documents supplied to ANGOR.
- Arranging Annual and Special General Meetings by means of distributing notice and information packs.
- Taking and distributing the minutes of Annual and Special General Meetings.
- Taking and distributing the minutes of Trustees Meetings, on request, at no additional charge.

ANGOR shall advise Scheme Executives on:

- Procedural matters pertaining to the running of meetings.
- Compliance with the Sectional Titles Schemes Management Act (STSM) and the Sectional Titles Act (STA).
- Regulatory and Statutory compliance with the Protection of Personal Information Act (POPI), the Promotion of Access to Information Act (PAI) and the Community Schemes Ombud Service Act (CSOS).

ANGOR includes specialist systems and teams:

- ANGOR Online system available to all Owners with Owner, Director and Investor profiles.
- ANGOR's custom built Property Management software.
- Internal 24-hour call centre for maintenance emergencies.
- SigniFlow, a secure online platform to legally digitally sign documents.
- eftsure, a "Know Your Payee" system to verify payees before EFT payments are made.
- Microsoft Teams application for hosting online meetings.

ANGOR can, on request, assist with :

- Meter readings.
- Registration with CSOS and amending of details with CSOS.
- Submitting annual returns to CSOS.
- Meeting Pal meeting management and voting system recommended for AGMs and SGMs.

ANGOR has embraced digital technology to offer online meetings, digital signatures that are legally binding, online voting and EFT verification.

- Through Microsoft Teams, ANGOR is able to host online meetings with Scheme Executives and Members. The Meetings can be recorded when required. These Online Meetings have proven very successful in improving meeting attendance at Annual General Meetings and Special General Meetings.
- Through the secure SigniFlow system, Scheme Executives can approve and sign documents from anywhere. ANGOR's license allows us to circulate documents to Scheme Executives on any device on which they receive emails. Scheme Executives will have a free, password protected account on SigniFlow which will allow them to sign on a computer, tablet or cell phone - no need to print the document. SigniFlow is available to the schemes at no additional cost.
- Through the purpose developed App - Meeting Pal, scheme meetings can be easily managed. Meeting Pal offers a secure App to manage the quorum, in both number and PQ value as well as proxies and voting, in both number and PQ value. ANGOR will set-up the meeting on the platform and assist in running the meeting. The cost of the Meeting Pal license (single meeting or the annual license) is for the Scheme's account.
- In this age of increased cybercrime and fraud, ANGOR has signed up with eftsure to protect the Scheme, the Scheme's Service Providers and Scheme Members. eftsure allows us to "Know Your Payee" through detailed verification performed by the eftsure system. No payments of scheme funds will be made to service providers or Scheme Members who have not been verified by both ANGOR and eftsure.

ANGOR offers Invoice Approval via WhatsApp

Our system can be set to require approval by all scheme executives, a majority or a specific number of approvals. Invoices will expire after 14 days but can be reactivated. We also set the number of rejections required to mark an invoice as not approved - the default is 1. Compulsory approvals may also be selected.

Insurance & Claims - Common Property

Schemes whose Common Property Insurance Claims are lodged with and managed by the Scheme's Insurance Company must deal directly with the Insurance Company. To assist you with lodging a claim, the Insurance Company's Call Centre Number will be displayed on ANGOR Online when you open the Insurance section.

Schemes whose Common Property Insurance Claims are lodged with and managed by ANGOR, are able to submit a claim, view claims in progress, view insurance related information and request an insurance certificate on the Insurance section.

Directors can see all claims, that were lodged with ANGOR, relating to the Scheme's Common Property. The claims will be visible in the **Claims Dashboard** or **Closed Claims** folders.

This block contains four buttons for the Claims Dashboard: 'SUBMIT NEW CLAIM' (dark blue), 'CLAIMS DASHBOARD' (green), 'CLOSED CLAIMS' (grey), and 'POLICY NO:' (blue) with a cloud icon.

Trusted digital signatures

The latest cryptographic digital signature technology for secure signing of PDF documents

Dear Scheme Executives,

ANGOR has signed up with SigniFlow® to enable you to sign documents digitally. SigniFlow® uses the latest cryptographic digital signature standards to securely sign PDF documents, which ensures that every document signed with SigniFlow® is legally accepted as a replacement for a handwritten signature.

Our goal is to assist you with signing and approving documents wherever you receive emails, on your device of choice – computer, smartphone, or tablet.

The web-based software is free to use. All you are required to do, is create a free SigniFlow® profile, and this will enable you to create your own unique digital signature that can be used to sign any document electronically.

The information required from you to create your secure profile, comprises your names, ID number and contact details. This information is required to confirm your identity (thereby verifying your signature) and is protected in terms of the Protection of Personal Information (POPI) Act.

We trust that – under the “new normal” of remote working, online meetings and less access to printers and scanners – this digital document signing system will benefit you, and allow you and your fellow Scheme Executives to quickly and easily approve and sign quotes, invoices and contracts.

Be anywhere.

 SIGNIFLOW®

What is SigniFlow®?

SigniFlow® is a digital workflow, process approval and signature application that is compliant with POPI and GDPR. As such, all information is securely stored.

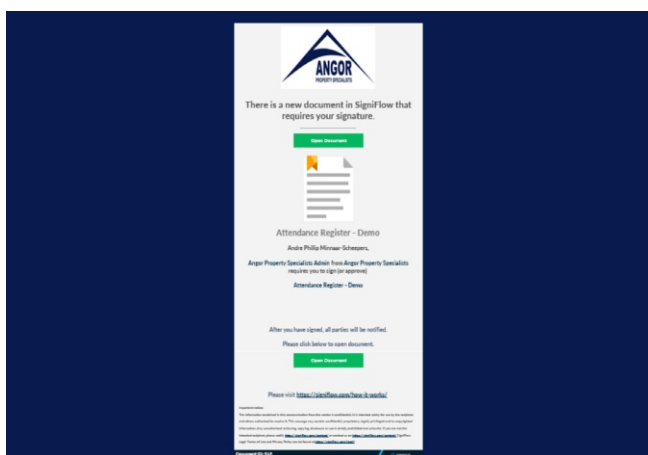

SigniFlow® is designed to digitise processes that were previously paper-based, and therefore lengthy and prone to error. The software not only greatly simplifies the approval process, it also guarantees that every document, contract and approval is legally accepted and binding, while protecting both the person that initiated the workflow and the person(s) signing the document.

Why SigniFlow®?

Angor Property Specialists has partnered with SigniFlow® to digitise the approval of documents sent to Scheme Executives. Previously, this process required documents to be printed out, signed, and then scanned back in and emailed back to the Portfolio Specialists, which was an ineffective, drawn-out process that created unnecessary admin for Scheme Executives. SigniFlow® digitises paper-based process and allows Scheme Executives to sign documents digitally from anywhere, thus reducing administration and improving corporate governance.

How do I know the email requesting my signature is not spam?

Below is a sample of the email that will be sent to the user:

When a document requires a signature, the person(s) that need to sign the document will receive an email notification with a link in the email that clicks through to the document in question.

Why must a user have a business profile to sign a document?

SigniFlow® is compliant with both the POPI and the ECT act, which require at least one level of authentication to be in place when a document is signed electronically, in order for the signature to be legally binding. For this reason, every user that signs a document using SigniFlow® needs to complete a once-off registration.

The registration requires a name, email address and cellphone number. These fields are all verified against the individual's ID number to cement verification and authentication, and all information is used in accordance with the POPI Act.

Once the registration has been completed, the user will be able to log in to the platform using their user-defined password and email address.

What if I need assistance with SigniFlow®?

If at any time you need assistance with SigniFlow® a call can be logged with the 24-hour Helpdesk via support@signiflow.co.za.

Please include the following information when logging a call:

- Your email address
- Your contact number
- The Document ID (you will find this on your Document in the SigniFlow system)
- A brief overview of the issue you need assistance with

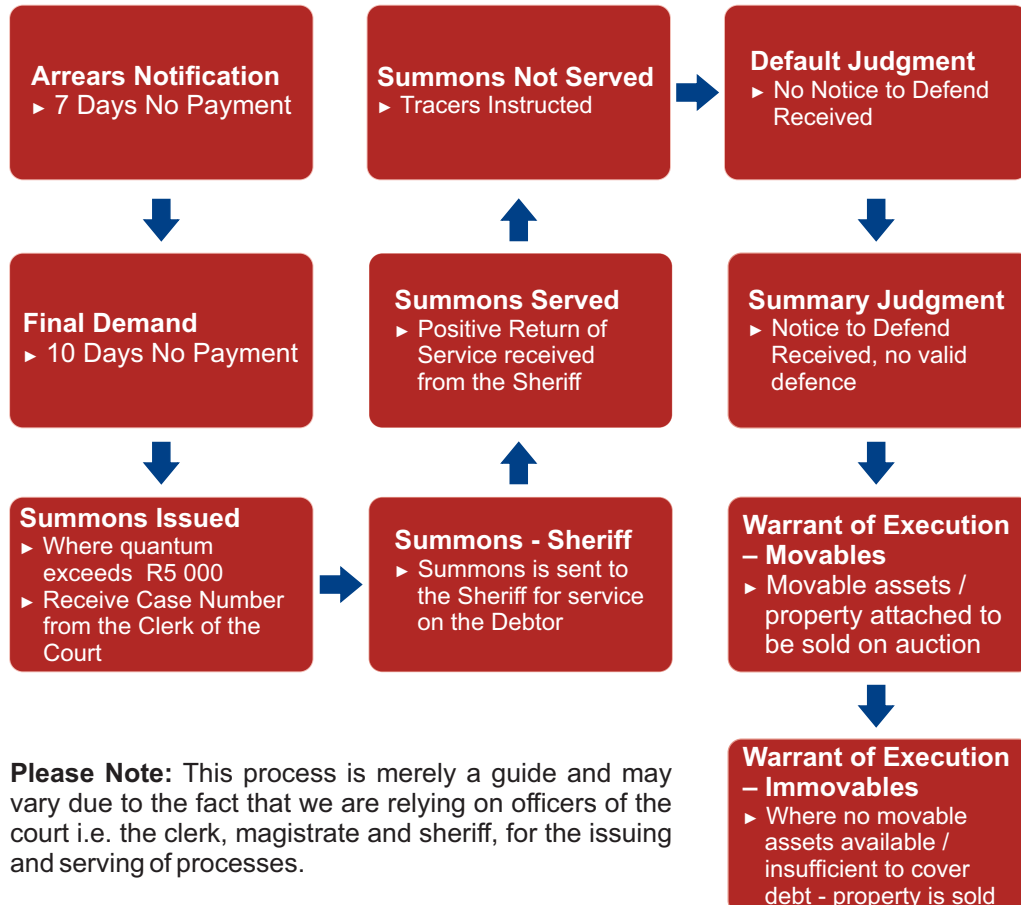

www.signiflow.com

 SIGNIFLOW®

Debt Management Services (DMS) is a registered debt collecting company, who acts exclusively for ANGOR clients in the recovery of outstanding levy contributions.

- DMS is registered with the Council for Debt Collectors and adheres strictly to the rules, regulations and charges stipulated for the Council.
- Once DMS receives a mandate to collect outstanding levies, a Letter of Demand is sent to the defaulting owner. After a further 7 days of non-payment, a Final Demand will be sent.
- Should no response and / or payment be received, the legal process will commence.
- All legal matters are outsourced to DMS's preferred attorneys of record, who follow the process up to the stage of Warrant of Execution against immovable property where necessary.
- ANGOR collects the costs of this process from the Body Corporate, and pays same over to DMS.
- All fees and charges levied by DMS are strictly in accordance with the Debt Collectors Act 114 of 1998.
